

GREAT BRITAIN PLACED IN AWKWARD POSITION BY FRENCH ADVANCE INTO GERMAN TERRITORY

France Was Not Expected To Occupy Neutral Zone Without Formal Consent of Allies

IMPULSIVE ACTION IS SURPRISE TO ENGLISH

French Occupy Homburg And Meet With Little Or No Resistance.

Virtually All Neutral Territory Now Held by Foch's Men

German Official Hands Note To French Government.

(By Associated Press.)

London, April 7.—There is little probability of Great Britain participating in the French advance into Germany, as far as can be ascertained at present; and according to statements in some quarters, the British Government feels itself placed in an awkward position by the French occupation of German cities.

When such a move was discussed recently at the meeting of the Ambassadors' Council, it is said, Great Britain and Italy dissented, or at any rate strongly urged the necessity of careful consideration before taking any definite steps.

Consequently, it was not expected that France would proceed to occupy the neutral zone without their formal approval. Such approval, it is said, certainly has never been given; and when the British Government was faced with the accomplished fact, it was considerably surprised.

Of these reports, there is no absolute official confirmation, but they are accepted in usually well informed quarters. The British newspapers are divided in their opinion regarding the French action, some of them regarding the action as a mistake on the part of France and expressing the belief that the matter will not lead, however, to any grave cleavage between France, Great Britain and Italy.

FRENCH HALT MOVE FORWARD

(By Associated Press.)

Frankfort, April 7.—The occupation of Homburg by French troops, announced today, virtually completes the operations outlined by General DeGoutte, in charge of the occupation movement, in his orders from the War Office.

GERMANY'S PROTEST IS FILED WITH THE FRENCH

German Government Insists Treaty Provisions Do Not Prevent Her Maintaining Order.

Note Giving France's Intentions Not Received Until Military Operations Started.

(By Associated Press.)

Berlin, April 7.—The German Charge d'Affaires in Paris was instructed today to hand to the French government a note protesting against the French occupation of German territory on the right bank of the Rhine.

The note, after referring to the contents of the French note of April 5, notifying Germany that the occupation had been ordered, asserts the occupation of the towns mentioned in the French communication occurred before the note was presented to the German government.

"We must in the name of justice, reason and humanity," the German note said, "make the sharpest protest. It cannot possibly have been the intention of the peace treaty to prevent Germany from restoring order as quickly as possible in the part of its territory most seriously disturbed by bands of robbers."

"The movement in the Ruhr region if it had not been quickly opposed would have shaken the republic to its foundation both politically and economically. The German government would have acted inexorably if it had waited longer in the optimistic hope that the insurgent movement in the Ruhr district would end without military intervention and events so far have shown it was right."

GERMANY HAS WRITTEN NOTE

(By Associated Press.)

Paris, April 7.—Herr Goepfert, president of the German peace delegation, today handed Premier Millerand, as president of the peace conference, a note relative to the operations in the Ruhr Valley, and the French occupation of German cities. It was translated for consideration by the Council of Ambassadors.

(By Associated Press.)

Chicago, April 7.—Representatives of 8,500 members of the Brotherhood of Locomotive Firemen and Enginemen employed in the Chicago switching district today defied their union officials and voted to join the unauthorized switchmen's strike called nearly a week ago.

Freight traffic through the Chicago district already was seriously restricted, and strike leaders and railroad officials were agreed that if the force of strikers was augmented such traffic would be brought virtually to a standstill.

The engineers and firemen declared they would not work with "scabs," as they termed the loyal union men, and also demanded an increased wage. Passenger trains would not be interfered with, strikers said.

Meanwhile, supplies of certain foods and fuel were beginning to run low in Chicago and nearly 20,000 employees have been thrown out of work at the stockyards by the stoppage of receipts of livestock.

'MARVEL' WINS OVER GEO. HILL IN EASY MANNER

"Masked Marvel" Proves To Be Leo Hayatt, One Of Best Men In Mat Game.

Charles Metro, Middleweight, To Throw Bowser Or Not Get Cent of Proceeds.

The "Masked Marvel" took two straight falls in the match at the Armory Tuesday evening when he met George Hill, of Waterloo, Iowa, in a finish wrestling bout for two out of three falls. Hill, subbing for Cliff Binkley of Columbus, put up a good showing and the match was crammed full of action from start to finish.

The "Marvel" stated in the dressing rooms after he had won the bout that his name was not Henderson but Leo Hayatt. He stated that he had defeated Henderson in Pittsburg last fall. Hayatt has met all the big men in the ring game and is one of the great men of the country.

He was accompanied to this city by his wife. He is the same man who met Blackley here before. He used to mask.

The wrestlers were very evenly matched and of about the same weight. While in dangerous positions the "Marvel" never seemed to exert himself to any great degree and easily broke holds. Hill was capable of the same tactics and came out of several throwing clasps with a rush after it seemed that he was all but on the mat.

The first tangle came in 21 minutes and 28 seconds after the "Marvel" had applied a flying mare on the quivering Hill. All the strength that the "Marvel" could muster was put forth in bearing Hill down and the man went to the mat for the count.

But five minutes was the time allowed between falls and the grapplers were soon in the ring for the second

decision. Hill seemed to be confident of taking the fall and was the aggressor. He applied a toe hold that forced the "Marvel" to the ropes and things looked fair for a three fall bout. The "Marvel" ended all speculation when he clamped a body lock, abetted by an arm lock on his opponent and again Hill capitulated. This time after 15 minutes and 50 seconds had passed. The work of the "Marvel" or Hayatt, has made a hit with local fans.

Hill Brooks refereed. The preliminary was a fifteen minute exhibition affair between Bill Brooks, local wrestler, and Leslie Peterson, local athlete who played at center for the champion Y. M. C. A. basketball team.

Promoter Bell announced from the ring side that for his next match he has secured Charles Metro, of Seattle Wash., to go on with Paul Bowser for a finish bout, two out of three falls. Metro has forwarded his forfeit of fifty dollars and has agreed to throw the middleweight claimant, or he will not claim his share of the gate receipts. April 29 is the date set for the match.

WELL AND HAPPY WOMAN, SHE SAYS

Was All Run Down and Worn Out When She Began Taking Tanlac.

"I have taken only two bottles of Tanlac, but it is just wonderful how it has built me up," said Mrs. Bertha Grimes, of 1529 Portland Ave., Louisville, Ky., while recently telling a Tanlac Representative of her recovery after taking the medicine.

"I was in a miserable, run-down condition," Mrs. Grimes continued, "and I had been that way for six months before I started taking Tanlac. I was so weak I could not do my housework and I honestly believe my little six-year-old boy was stronger than I was. My appetite was poor and what I ate seemed to do me more harm than good. Nearly all the time I had a pain in my side and if I started to even sweep the floor I would give completely out. I was troubled a great deal with constipation and had to be taking laxatives every few days. I hardly knew what it was to get a good night's sleep and I got up feeling worn-out every morning.

"A friend of my husband's told him about Tanlac and one night he brought me some home. And now I am happy to say that things are entirely different and life is again worth living. My appetite is just fine and although I eat three good meals every day I still feel hungry. Everything I eat agrees with me and is fast giving me back my lost strength and energy. The pain in my side has disappeared and I am no longer troubled with constipation. For the first time in six months I know what it is to get a good night's rest and sleep and I get up of mornings feeling so strong that it is no trouble for me to do my housework. It is just wonderful what a great change has come over me and Tanlac deserves credit for it all."

Tanlac is sold in Washington C. H. by C. S. Haver, and in Jeffersonville by J. B. Davis. advt.

Fighting Hunger

Hunger is never more than a few days away from the American people.

The coal strike showed us what a narrow margin in the country goes on, even in a non-perishable necessity which can be stored.

Swift & Company is engaged in the business of fighting hunger.

From coast to coast, from the Great Lakes to the Gulf, the lines of defense are drawn—packing plants at strategic points; branch houses in four hundred towns and cities; hundreds of car routes; thousands of refrigerator cars; tens of thousands of loyal men and women expert in their work.

Day by day, hour by hour ceaselessly, this fight, your fight goes on. Yet so smoothly, surely and victoriously that you, unaware how close hunger always is, are as certain each night of tomorrow's meat as you are of tomorrow's sun.

And so economically is this done that the cost to you for this service is less than three cents a pound of meat sold. The profit shared in by more than 30,000 shareholders whose money makes the victory possible is only a fraction of a cent a pound on all products.

If hunger did not make it necessary for us to fight this fight in the best possible way for all concerned, the competition of hundreds of other packers, large and small, would compel us.

FUNERAL SERVICES OF FRANCIS O. REESE

Wednesday afternoon at one o'clock at the home, a large gathering of relatives and friends were assembled with the family to help ease the sorrow which had fallen upon them.

Quietly and sadly the family gathered around the lovely casket while a daughter, Mrs. Maxey played his most beloved piece, "Marching Through Georgia."

Following this the funeral services were held at the M. E. Church at 1:30 o'clock.

Simple and affecting and in keeping with the lovely character of the man whom they honored were the farewell services of Mr. F. O. Reese.

After singing Rock of Ages, Rev. B. F. McKinnon of the M. P. Church followed with scripture reading and prayer. "Abide With Me" and "In That City" were sung. After a second scripture reading Rev. Mitchell, M. E. Pastor followed with a touching sermon, emphasizing the quiet beauty of the life, character and work of the man sleeping so peacefully beneath the beautiful flowers.

He has indeed lived an ideal Christian companion, father, friend. What more can we say?

The Ladies of the G. A. R. Circle of Washington C. H. rendered their beautiful flag service at the close of the pastors true and consoling words reading the beautiful hymn, "Rock of Ages."

At the close of the services at the church all that was mortal was borne to the Fairview Cemetery where the body was laid to rest.

Acting pallbearers were: R. B. Reese, brother, Mm. McMillen, cousin M. S. Tracey, son-in-law, Willis and Thad Reese, James Yates, nephews.

Honorary pallbearers were comrades; N. C. Wilcox, James Todd, J. D. Davis, Dave Mock, Crighton Ervin and H. L. Clausen.

Frances Oliver Reese, son of Elijah and Mary Reese was born near Augusta, Bracken County, Kentucky, June 27, 1845.

He was the oldest of a family of eight children, three of which died in infancy. Of the five who reached maturity 3 of these, James Garwood, Eliza Jane and George Ann have preceded him to the better home. He now leaves an only brother, Robert Bruce Reese, of this place.

In early childhood his parents moved to Brown County, Ohio. Living there but a short time they came to Pleasant View, where he spent his school days. His parents then removed to Brooksville, Kentucky, from which place on the 23rd of October, 1861, he enlisted in Co. E, 16th Kentucky, V. V. I. to serve three years or during the war. He was discharged Dec. 31, 1863, at Mossy Creek, Tenn. He then re-enlisted as sergeant under Lieut. W. H. K. Markley, to serve another term. He was honorably discharged July 15th, 1865 at Company Shops, North Carolina.

During the war the parents moved to Jamestown, Ohio, where they were joined at its close by him.

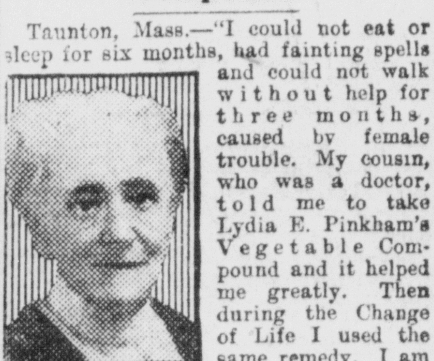

On December 27th, 1866, he united in marriage to Sarah Hannah Gallagher, of Augusta, Kentucky; at this time coming to Jeffersonville, Ohio, to work at his chosen trade.

To this union eight children were born: Three of these, Mary Emma, Carwin Ames and Arthur Dale dying in infancy, and Anna Moss in 1907.

With the exception of three years spent in Illinois his whole married life has been spent at this place. During these fifty three years his life has been one of happy toil and care, difficulties have been met and conquered.

THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it."—Mrs. SUSAN C. STAPLES, 167 B School St., Taunton, Mass.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness. It has relieved women from some of the worst forms of female ills, such as displacements, inflammation, and ulceration. Why don't you try it?

During the glorious revival, conducted by Mrs. Trego, under the pastorate of the Rev. R. A. Lemaster in 1889, he cast his lot with God and the Methodist Episcopal Church of this place, to which he has ever been a faithful member.

He was everything that was upright and honorable before this, but the love of God brightened his life in a wonderful way, best known by those who were daily associated with him. Being for several years a member of the town council, his interest at all times was for the public's general welfare, he taking an active interest in the uplift of the town which was his chosen home.

When we think of him we think of a man always willing and anxious to see and help his home town improve, his fellow citizens, a little better by his having been among them. The sterling christian qualities of this self made man shown forth and his deeds have borne fruit, and still the community may benefit by his past untiring energy in its behalf.

He retired from active life about ten years ago.

During the snow and sleet of the winter of 1914, while at his daughter's at Washington C. H., he fell and broke his hip. This accident caused him much suffering, but was a remarkable test of his never ending supply of patience which remembrance makes it doubly dear to his children to call him father.

For the past two years his health has been steadily failing. For less than three weeks he was confined to his bed, during which time loving hearts and hands could avail nothing.

With his family about him Sunday, March 21st, 1920, in the early morning, just as dawn was breaking and all nature ready to burst forth in glorious active life the Death Angel came and very gently bore our loved one home, saying, "Come up Higher, thy robe and crown and waiting for thee."

We shall miss our loved one sadly.

When we look about our home;

We will need our Savior badly.

To help us say, "Thy will be done."

He leaves besides a devoted wife, four daughters, Mrs. Otilla A. Reagan, Kayenta, Arizona, Mrs. Louise G. Tracey, Washington C. H., Ohio, Mrs. Martha R. Maxey, Ironton, Ohio, and Frances at home. Five grand sons, two granddaughters, one brother, R. B. Reese, two nephews and three nieces and a host of friends.

None of us can measure the depth of our sorrow by his passing, not alone the immediate family but all the relatives and friends, especially members of the G. A. R. where soldier friends met and kept the camp fires bright with old memories.

In memory of my departed friend,

"Father Reese."

As a minister of the Gospel, and because I loved him, as well as out of due respect, honor and highest regard, I often called upon father Reese. It was a pleasure to do so; indeed I deemed it a high privilege.

His humble, unassuming and rather unique, christian character, was one to ever be admired and loved. Having served his country all through the war of the rebellion, it brought to him double honor. To hear him relate his war experiences was intensely interesting as well as instructive.

He was always humble and accurate in his narratives, never desiring to over draw them, nor to take honor that did not belong to him.

In the death of father Reese, not only does the family lose a true kind and loving father and the bereaved wife a loyal and faithful husband the G. A. R. a brave comrade; but the community loses one of its strongest and most useful citizens, "a one hundred per cent American."

In love and honor,
REV. B. F. MCKINNON.

CARD OF THANKS

We wish to express our appreciation and heart thanks for the many kindnesses and expressions of sympathy from relatives, neighbors and friends during the sickness and passing away of our dear husband and father.

We wish to especially thank Mr. Elmer Klever for his efficient services and all those who sent the beautiful flowers; also Miss Icy Allen and the choir for the music; the pastor Rev. W. H. Mitchell and Rev. B. F. McKinnon for their kind words of comfort and the Ladies of the G. A. R. Circle of Washington C. H., O., for their beautiful flag service.

MRS. F. O. REESE,

"Get The Money."

Entirely too many people have made a part of their individual conduct governing code the very selfish and very dangerous principle which makes the acquisition of money their chief aim and purpose in life. Too many people, as one traveling man expressed it a few days ago, are endeavoring to "grab all they can while the grabbing is good." That enthusiastic traveling salesman justified the enormous prices he was asking for his goods by the simple announcement that he was getting all he could while the "getting was good" and ridiculed any objection urged to price on the ground that any one who was wide awake could get busy and do the same thing.

Fortunately not all American citizens have adopted that principle and it is up to them to bring this nation of more than a hundred million energetic, intelligent and patriotic people back to normal. They refuse to join in the mad scramble to get money regardless of the effect on conduct and morals. They realize that life holds something more worth while, something infinitely better than mere money.

That erroneous idea, after all, is at the root of the high living costs. Too many people are trying to get money without giving to the public its equivalent in production. All sorts of false standards of living and trading have been set up by speculators who seek to get money for nothing or comparatively little by forcing fictitious price levels.

The same principle, with power and official position as its objective, is governing too many politicians and candidates. They are seeking preferment at the hands of the voters by placating the extreme elements. Capital is allowed, so far as any declaration of intention by politicians and candidates to the contrary is concerned, to go blithely along secure in the belief that it will be permitted to gain its selfish ends.

The labor extremists likewise hear nothing from the candidates or politicians which disturbs their ambitious dreams of more and more money and shorter hours, less work and decreased production.

In the midst of all—between the two grinding mill stones—is that sturdy middle class, the professional men, the teachers, the salary men, the men who have, by industry and economy, earned and saved a competency which is now placed in permanent investments to furnish an income for their declining years, and the small business men, striving as best they can to stop the whirling mill stones of the extremists which are grinding them to powder.

The extremes must be reconciled, they must be curbed in their demands, they must be brought to a realization that for every dollar obtained, from any source, a dollar's worth of value must be given. In fact the extremes must be eliminated and the rights of that great middle class, without which no nation can endure, respected. The extremists must be compelled to realize that money cannot be "grabbed" and nothing given in return, by either labor or capital, unless a wrong is done, a crime committed and the one from whom that money is taken made poorer.

The "easy money" we hear so much talk about comes from some one. If value is not given some one is deprived of it unjustly.

Office seekers should not be given the votes of the great controlling middle class unless they promise something worth while—something definite.

They must be made to realize that the majority of the people of this nation must not—will not—trust with the public business men who do not even promise definitely to curb the demands of the noisy extremists and pledge themselves to earnestly labor for those who go quietly, honestly, unselfishly and patriotically about their daily tasks.

This is a time for candidates to speak up and declare themselves. In the approaching campaign the majority of the people who are the mainstay of society must, somehow, bring to the attention of candidates and managers that their welfare is as important as those extremists who make boisterous threats and insist on a purely selfish code.

The time is near when public opinion is certain to express its stern disapproval of the conduct of those business men who have adopted the slogan of "get the money while the getting is good" and of the candidates who are asking votes on "any old promises." When that time comes there will be a withering up of profiteers and a number of candidates for public office.

POETRY FOR TODAY

AVE!

When all the world was black
Your courage did not fail:
No laughter did you lack
Or fellowship or ale.

And you have made defeat
A noble pageantry,
Your bitterness more sweet
Than is their victory.

For by your stricken lips
A gallant song is sung:
Joy suffers no eclipse;
Is lyrical and young.

Is rooted in the sod;
Is ambient in the air.
Since Hope lifts up to God
The escalade of prayer.

The tyrants and the Kings
In purple splendor ride;
But all ironic things
Go marching at your side.

To nerve your hands with power,
To salt your hearts with scorn,
Till that awaited hour
When Freedom shall be born.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Mrs. H. C. Ireland, Mrs. Pearce Ballard and Mrs. Willard Story are adding gaiety and pleasure to Easter week in a series of exceptionally handsome, affairs—Bridge parties on Tuesday, Wednesday and Thursday and a tea on Saturday afternoon. The initial Bridge of Tuesday assembled seven tables of players, who found the Ireland home, with its spaciousness rare old furniture and quiet dignity radiating a warmth of hospitality in which the unusual April blizzard outside was quite forgotten.

The hostesses, a trio of Washington's most attractive young society women, were charmingly cordial. Mrs. Ireland, gowned in navy blue georgette handsomely beaded, and very becoming to her striking brunette type; Mrs. Ballard looking extremely pretty in a chic gown of navy blue taffeta, with embroidered collar of ecru batiste, and Mrs. Story lovely in midnight blue taffeta, elaborately trimmed in bugle iridescent beads.

The affair was singularly perfect in every detail and introduced a delicious note of Spring in the elaborate collation which brought to an end a delightful afternoon. On each small table a crystal bud vase, filled with mauve and yellow tulips, held daffodils in artistic combination with tiny branches of pussy willow.

The trophy of the game, an exquisite nosegay, was won by Mrs. C. H. Griffiths.

Mrs. D. L. Thompson, of Columbus, was an out of town guest.

Similar appointments marked the Bridge of Wednesday. Mrs. Jesse Persinger, Mrs. Willard Willis, Mrs. H. T. Wilkin and Miss Dora Hays assisted in the hospitalities Tuesday and Wednesday. Mrs. E. C. Brock, of Columbus, was among Wednesday's guests.

The engagement of Mr. John Luttrell, of Swanton, Ohio, to Miss Vera Van Horn, also of Swanton, has been announced through the columns of the Columbus Dispatch. Miss Van Horn will graduate this year from Ohio Wesleyan University. Mr. Luttrell is the son of Mr. and Mrs. C. P. Luttrell of Octa, and is well known throughout this community. He graduated in 1917 from College of Arts at

Ohio State University. It will be remembered that his youngest sister, Geneva, was married early in March to Mr. Roy Lewis of Bowersville.—Sabina Tribune.

Women of the community and especially the young women who are eager for the advantages of a local Y. W. C. A., find their chief interest this week centered in the success of the drive now on for the \$4,000 budget necessary to put the organization upon working foundation.

The Y. W. C. A. extends a welcoming hand to the industrial girl. Realizing an eight hour grind in a factory, shop or office, necessitates the need for relaxation, the Y. W. C. A. has organized throughout the country industrial centers, club, community houses, where the girls may gather during the evening, on Saturday or Sunday, for recreational and educational activities. Gymnasium work, as well as out of door exercise forms an important item of the program supervised by Industrial Secretaries and Recreational Directors. At present there are over 700 of these organizations throughout the country, with definite headquarters, while during the 18 months 300,000 industrial girls were identified with the activities.

Profitable use of the noon hour, for the girl, may be one of the greatest services rendered by the Association, workers realizing that this period may be an asset or a menace. Summer camps where the girl may spend her week or two weeks' vacation, at extremely low cost, also important features tending to better mental, physical and moral life.

The announcement of the engagement of Miss Helen Taft, only daughter of former President, William Howard Taft and Mrs. Taft, to Prof. Frederick J. Manning, of Yale University, first appeared in the Cincinnati Enquirer of Sunday.

Miss Taft is the youngest president of any woman's college in the world—Bryn Mawr.

The Enquirer says: Although born in Cincinnati, she has passed little time here, for her father's distinguished services as Solicitor-General, Governor of the Philippines and Secretary of War took her far afield even before his inauguration as the twenty-seventh President of the United States. It was at this latter stirring moment, one in which most girls of 17 would have thrilled with the prospect of White House festivities, that she faced a problem, because of her desire to accede to her mother's wishes and continue the happy companionship in the capital of the country that had existed between them in their constant travels and her own firm determination to follow the student's tastes inherited from her father and choose a college career. Her natural bent was too strong to be denied, and she entered Bryn Mawr after her father became President, receiving her A. B. there in 1915, and returning to her Alma

Mater after her debut at the White House, which took place at the end of her sophomore year.

She made her formal bow to society in the White House in 1910.

Although a student by taste and inheritance Miss Taft is so well balanced and so sanely wholesome in her mental attitude that athletics and other joyous activities have ever kept pace with the intellectual elements of her daily curriculum. She is an expert horsewoman, and while her game of golf is less persistent than that of her father, and her brother, Robert and Charles Phelps Taft, II, she is no novice at it, and she swims and rows like a daughter of the sea.

Apropos of this love of the out of doors she herself has given an account of the months which she and 20 other girls passed on a farm donated to the students at Bryn Mawr, on the outskirts of West Chester, Penn., by Philip Sharples, during the World War. As a farmette Miss Taft proved competent, except she herself declares she never learned to milk a cow—much to her humiliation.

This model farm was managed under the direction of the professor of agriculture of the State Normal School of Pennsylvania, and Miss Taft and her associates attained the professional record of 225 cans of vegetables, picked, shelled, prepared and canned during each day's working hours. 10,000 cans being their finished output.

Although no announcement has been made to that effect, it is understood that the wedding will take place in July at the Taft summer home at Murray Bay, and Miss Taft's friends are of the opinion that she will reside thereafter at New Haven and not at Bryn Mawr.

Mr. and Mrs. John Collopy entertained with an elaborate three course dinner Easter, at their home on the Circleville Pike.

It was the sixty-ninth birthday of Mrs. Collopy and the children and their families were home for the occasion. They included Mrs. Hannah Long and family, Columbus; Mr. James Collopy, Mt. Sterling; Mrs. Axel Nelson and family, Miss Mabel Collopy, Dayton; Mrs. John Rea and family, London, Mr. Charles Mark and family, Circleville; Mr. Frank Collopy and wife Mr. Wardus Collopy and wife Mr. Thomas Collopy and family of this city, Mr. Saylor, of Dayton was a guest.

Easter flowers artistically arranged in a glass basket, formed a centerpiece for the table.

Mr. and Mrs. Harley Timmons, daughter, Miss Avonell, were in Cincinnati, Monday night to see the "Follies." Mrs. Timmons remains throughout the week with her sister Mrs. Frank Sturtevant.

Miss Ruth Edwards left Tuesday night for Akron, after a short visit with her parents, Mr. and Mrs. C. E. Edwards.

Mrs. Gay Townsend went to Cincinnati, Tuesday to see the "Follies."

Mr. and Mrs. L. E. Saunderson of Springfield, Ohio, are spending the Easter vacation with the latter's sister and husband, Mr. and Mrs. James M. King. They were joined on Sunday evening for the Easter dinner by the brother, Mr. M. R. Weltner, and a sister and her husband, Mr. and Mrs. C. F. Klinefelter, of Columbus.

Dr. S. E. Boggs and Mr. Charles Sollars went to Hamden Tuesday evening to attend a meeting of the stockholders of the Puritan-McArthur Brick Company.

Mr. Herbert Wilson left Wednesday morning on a business trip to Detroit, Mich.

Miss Mary Ellen Briggs was the guest of Miss Elizabeth Cline in Circleville the first of the week to attend the Charity Ball.

IMPORTANT MEETING AT END "Y. W." DRIVE

The weather seriously handicapped the first day of the Y. W. C. A. drive, but the workers are making up for lost time and the busiest people in the town.

Responses are gratifying and there is every encouragement for the success of this campaign for a \$4,000 budget.

The results of the drive will be announced at Thursday night's meeting in the Federated Club Rooms of the "Y."

At this meeting the organization of the Young Women's Christian Association will be effected and it is vitally important that members and all women of the town who are interested be present. All membership workers are asked to assist in the notifying of new members and urge that each and every one attend this meeting.

NEARLY ALL CARS HAVE BEEN TAGGED

Virtually all licenses for Fayette county automobiles have been issued and only a few cars remain for application before the time limit, set for April 10, comes to an end.

During the two or three days following the announcement that ten days additional limit would be allowed for late applicants, the office of the Fayette County Automobile Club continued busy but the rush has died down and but a few scattered license plates are now being issued. Many of these are to persons outside the county.

Attention is called to the fact that Saturday of this week completes the time that cars may be run on last year's license.

DEATH SUMMONS ALMER HEGLER IN LOS ANGELES

Prominent Farmer and Manufacturer Dies After Illness of Two Years.

For Many Years Manager Of The M. Hamm Company—Will be Buried in Fayette.

County-wide regret followed the sad news, arriving by wire from Los Angeles, Cal., Tuesday evening, of the death of Mr. Almer Hegler, which occurred in a Los Angeles hospital at ten o'clock Monday night.

Relatives were somewhat prepared by an earlier wire telling of Mr. Hegler's critical condition. For some time he had been suffering from a complication of diseases, and it was largely for the benefit of his health that he and Mrs. Hegler had been spending the winter at La Jolla, Cal. Both felt that it was rare good fortune to have their own physician, Dr. W. E. Ireland, with them during this last illness.

Mr. and Mrs. Hegler left La Jolla several weeks ago for a stay in Los Angeles, before they started home. Together with Dr. Ireland and Mrs. J. F. Dennis, who has been spending the winter with her daughter, Mrs. Michael S. Creamer, in Los Angeles, they had engaged reservations for Saturday, the tenth. The deep sympathy of the community goes out to Mrs. Hegler, who, in her loneliness and grief, starts back home with the body on Saturday, reaching here on the late train Wednesday night. Later arrangements concerning the burial arrangements will be made.

Mr. Hegler was one of Fayette county's prominent and influential farmers and a successful business man, being one of the heavy stockholders in the M. Hamm Fertilizer Co. of this city, and general manager of this concern for a number of years.

His ill-health led to his retirement from active business life some time ago, although he continued the management of his large farm and his great interest in Fayette county's standing as an agricultural center never slackened.

The son of the late Milton Hegler, one of the county's wealthiest early pioneers who left a large estate in Wayne township, Almer Hegler received his early education in the schools of his own township and finished his education in this city.

For many years he was the manager of his father's entire estate of 1200 acres, and his beautiful country home in the Fairview neighborhood always hospitably thrown open to friends. In the Hegler homestead where his parents lived before him.

He is survived by his widow, one sister, Mrs. Harry Baker, of Columbus, and two brothers, Orris and David.

Mr. Hegler was one of those sterling, honorable men who are highly valued in the community and his death touches a large family connection and many warm friends.

Mr. Hegler was the owner of one of a wonderful collection of curios and Indian relics, which is in the Archaeological Museum, and was considered quite an authority in this line.

WILLIAM STEVENSON SUMMONED SUDDENLY

William M. Stevenson, 75, died suddenly at one o'clock Wednesday morning at the home of his daughter, Mrs. Harry Bell, on the Snowhill pike. Mr. Stevenson was well known in this county where he spent the latter part of this life.

Four daughters survive, Mrs. Eliza Smith, of Portsmouth; Mrs. Ella Mahan, of Portsmouth; Mrs. Celia Wallace, of near New Martinsburg; Mrs. Mary Poole, of Logan county; Mrs. Elizabeth Bell. A son is dead.

Mrs. Bell, the daughter with whom Mr. Stevenson made his home has been a patient in a Columbus hospital and will be brought home Wednesday evening.

Funeral services will be held Friday afternoon at two o'clock at the home on the Snowhill pike. Burial will follow in the Bloomingburg cemetery.

BATTERY SATISFACTION VS. SO-CALLED FEATURES

Yes, the COOPER Storage Battery has a superior feature, just like all other batteries. But that feature is not made strong to compensate for weak points. The strong feature of the Cooper Battery is simply

LONGEST SERVICE ON THE CAR

and every one of them DELIVERS that service every time. If, perchance, one fails, you CAN'T LOSE, for they are the most liberally guaranteed batteries on the market today. You don't look for "features" when you need energy to start your motor and light the road—what you want is "juice" and plenty of it. That's what you get in the COOPER.

And we are interested in helping you get service from whatever battery you now own. We know how to do it and have the equipment to do it with.

QUIJA SELECTED WINNER OF BOUT

"Quija said so" may become a familiar phrase in local sport circles if the performance of one of the planchets in this city is practised by the fans, according to a story that went the round after the wrestling match Tuesday evening when the "Masked Marvel" won from George Hill.

The story runs that a man who reads the sport pages but hardly ever attends a match asked the mediumistic platter the winner of the bout. The pointed finger spelled out, "Masked Marvel."

A grand rush for Quija boards is expected before the next match.

SANITATION MEANS SUMMER HEALTH.

Summer health often depends on sanitary surroundings. Sanitation is chemical cleanliness. Dark closets and corners, damp places in the cellar, and drains and cesspools often hold the germs of disease over from season to season. Killo, the germ exterminator is so inexpensive that you need take no risk in this particular. Sprinkle it freely through the house. PEPTO-MANGAN FOR "SPRING FEVER"

Spring Days are Treacherous—Germs Don't Disappear with Cold Weather

And Blood is Sluggish And Weak

Don't Take Chances if You Feel Bad Enrich Your Blood With Pepto-Mangan

There is a great deal of serious sickness in the Spring.

And it is easy to see why. Long weeks pent up indoors, too little exercise and fresh air, winter sicknesses not entirely over with, a generally lowered vitality, blood weak and sluggish. Then come fine Spring days—that are not as warm as they seem; or sudden changes in the weather, and you haven't taken proper precautions. Vigorous, red-blooded people don't often get sick. If you're not feeling your best, get Pepto-Mangan of your druggist and take it to build up your blood. This effective and agreeable tonic has been tested for over thirty years, and physicians, everywhere, recommend it for run-down, pale and anemic people.

The whole family should take Pepto-Mangan—it is good health insurance. Besides, what a joy it is to feel fit and fine—ready for anything! To have an abundance of energy and enthusiasm!

Pepto-Mangan is for sale at your druggist's, and in both liquid and tablet form. There is no difference in medicinal value. Take whichever you prefer. But to make sure you get the genuine, ask for "Gude's Pepto-Mangan" and see that the name "Gude's" is on the package.—Advertisement.

GET IN at the BEGINNING

Last year we consistently urged our Clients and the Investing Public to buy AMERICAN MORTGAGE stock when it was selling at par \$100 per share. The price subsequently advanced to \$105 and then to \$110, and the entire authorized issue of \$1,000,000 was subscribed. This Company uses its capital for city real estate financing only, in construction loans and the purchase of second mortgages. AMERICAN MORTGAGE has just declared an extra dividend in addition to the 7 percent paid on the stock. The few shares available are being held at \$110 per share.

We now advise the purchase of stock in THE FARM MORTGAGE COMPANY OF OHIO. This Company uses its capital exclusively for mortgage loans on improved, producing farm property, one of the safest forms of investment known. The Company is in actual operation and can put every dollar of new capital immediately to work at very good net profits.

FARM MORTGAGE stock is now selling at par \$100 per share; the price will be advanced with the progress of the Company. 7 percent interest per annum, semi-annually in July and January, is allowed you from the date of all cash or installment payments on stock subscriptions. SUCH INTEREST IS IN ADDITION TO ANY DIVIDENDS THAT MAY BE DECLARED ON THE STOCK. FARM MORTGAGE stock is all Common and you thus share in all the net earnings; it is non-taxable in Ohio, non-assessable and free from the Normal Federal Income Tax. We advise you to get in at the beginning on this high-grade real estate security. ISSUES ORDERS CAR PARKING

Beginning Saturday of this week, it is announced by Chief of Police D. L. Moore, a new order on car parking in this city becomes effective, and all persons are expected to observe the order to the letter in order to avoid confusion that has resulted heretofore.

In brief the order is: All cars on the up-town streets must be parked in as close formation as possible with front wheels to curb and cars on a very slight angle in order to make as much parking space as possible. No cars must be parked behind cars parked at the curb, and cars left standing behind the cars parked at the curb must be moved within a few minutes or will be taken in charge by the traffic officers.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone! Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbite, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

BAPTISTS SEEK SUM OF \$23,492 IN THIS COUNTY

Baptists of Fayette county are expected to raise \$23,492 as their share of Ohio's appointment of \$7,000,000 in the national \$100,000,000 campaign of the New World Movement of Northern Baptists.

This information has just been received by Harry E. Wood, chairman in charge of Fayette county.

An intensive campaign of education is to be carried on throughout the state from this until the week of April 25-May 2, when the actual solicitation begins.

While Ohio's allotment is \$7,000,000 the sum to be directly collected through the churches is only \$5,500,000, and the remaining \$1,500,000 is to come through special individual gifts.

TWISTER STRUCK LOWER CLINTON

The cyclonic cloud which passed south of this city a few miles, Sunday afternoon, and which assumed a funnel shape time after time but did not reach the earth, created havoc in Martinsville, lower Clinton county. Sunday afternoon, unroofing buildings, blowing trees out by roots and causing other damage.

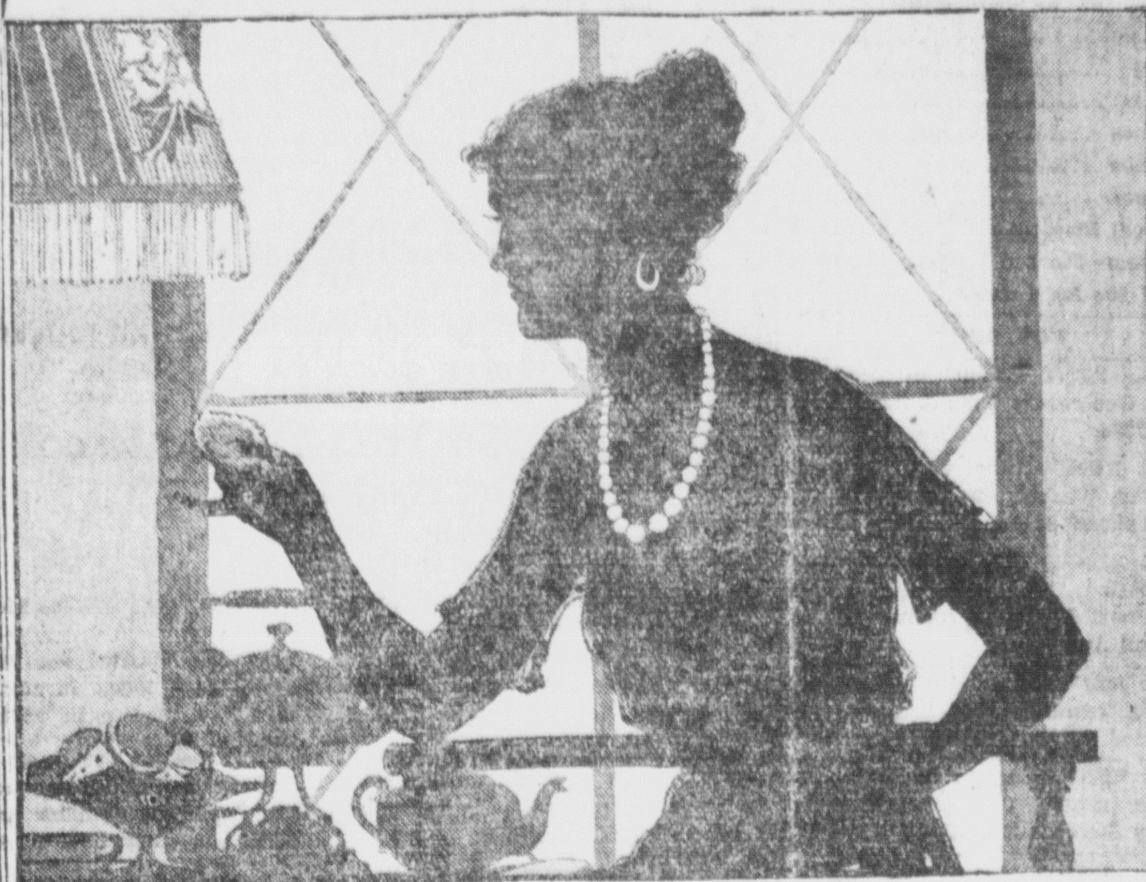

The twister covered only a small strip of territory and speedily lifted, eventually passing south of this city without further damage.

Consider the Cracker

Edgemont Crackers are more than mere "fillers"

They are a real food, appetising in looks, tempting to the taste, hunger satisfying, and—you get so much for your money.

They're Tasty

"Edgemont" Crackers (the original salted butter crackers) are rich golden brown, crisp, flaky, crunchy, creamy. "Eatsome" with every meal," says Reddy Green.

They're Nourishing

For "Edgemonts" are a blend of finest wheat (Nature's greatest body-building, energy-yielding food)—and of purest shortening (high in food value).

They're Economical

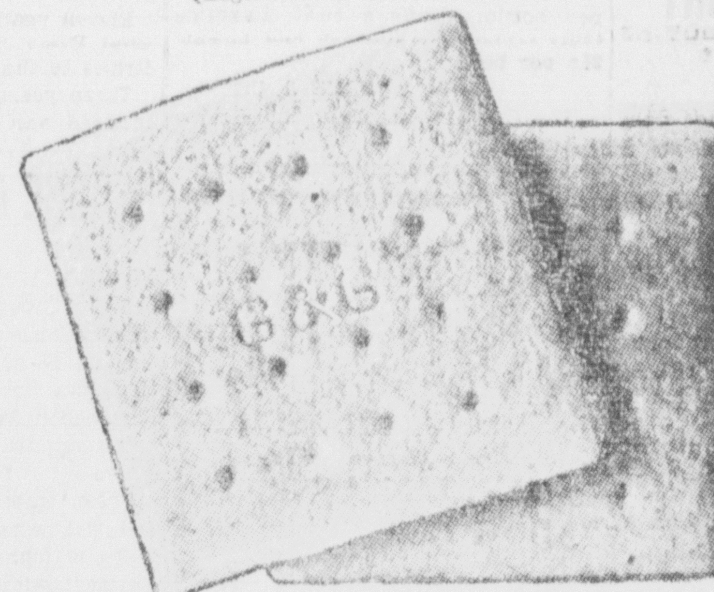

No waste—for "Edgemonts" are ready to serve—good to the last crumb.

No extra expense—for the first cost is the last cost—no fuel to burn, no costly scraps to throw away.

And note this—you get one hundred tasty, nourishing Edgemont Crackers to the pound. Truly they are economical.

"Edgemont"—Graham Wafers

(Edgemont Crackers' First Cousins)

It is at this season that these wholesome whole-wheat wafers come into their own.

Slightly sweetened they are with purest honey. Baked so that the sweetness of whole-wheat blends with the honey flavor. These nourishing, satisfying wafers, as springtime tid-bits, take the place of richer cakes and cookies (iced and plain) that hold sway the rest of the year.

There is nothing better for a springtime lunch than "Edgemont" Graham Wafers. The fact is, they are a lunch in themselves.

A good friend told us

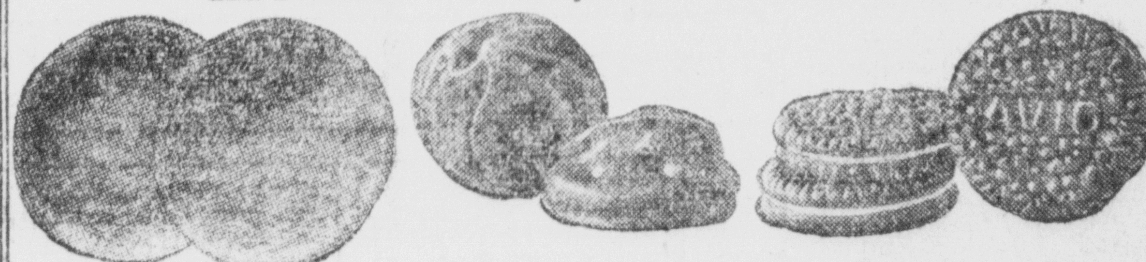

about a Bulletin sent out by the U. S. Department of Agriculture. This Bulletin is known as No. 142, and is entitled "Principles of Nutrition and Nutritive Value of Food."

We found it wonderfully interesting, and were particularly pleased to know that what we are doing in our bakery is in such perfect accord with the findings of scientists.

For, in measuring The Green & Green Company's products by the standard of those who investigate food values, we find our crackers, cookies, wafers and cakes score high.

In them are materials of the highest food value, such as selected flours, pure dairy butter, fresh eggs, kettle-rendered lard, fine sugar and real bee's honey. Made doubly tempting and easily digestible by our superior cracker and cake bakers.

Women Find These Attractive to Serve — Much Enjoyed by Family and Friends — and Easy to Get at Their Grocers

"EDGEMONT"—Vanilla Wafer

A rich little sugar cake, golden brown, velvety, smooth, appetizingly fragrant, with its delicate vanilla flavor. Made with good butter, sugar and eggs.

"EDGEMONT"—Princess

All that the name implies—a dainty baked sweet consisting of a rich vanilla wafer, a bit of jelly, some fluffy marshmallow—encased in a milk chocolate icing.

"EDGEMONT"—Avio

Just to think—An ENGLISH Style Biscuit, two dainty chocolate wafers sandwiched with a rich cream center. Made right near you, where you can always get them strictly fresh.
